# Preface.

---

We have pleasure in presenting this the fifth volume of Henderson's City of Edmonton Directory. The recent canvass of the city, necessary to the publication of this work, clearly indicates that the rapid growth and development which we have had to report in previous issues is of a permanent character and we have endeavored to faithfully chronicle this progress, believing that there is no better means of spreading information concerning a city, or of making known its commercial and social possibilities than through the medium of a thorough, up-to-date Directory. Such a work we have endeavored to make this present issue. From the business section of the book it will be noticed that many new business firms have located here during the year. We have again to extend our thanks to our patrons for so marked an increase in the advertising section and for this expression of their growing faith in the necessity and usefulness of this publication, which becomes more and more each year an indispensable adjunct to the city's business machinery.

Yours Respectfully,

HENDERSON DIRECTORIES, LTD.

Sept, 1909.

# City of Edmonton

(See also Strathcona)

Edmonton is beautifully situated on the high land on the north bank of the Saskatchewan River 825 miles west of Winnipeg on the C. N. Ry. It is the main wholesale distributing centre for Northern Alberta and the vast Peace River country which is fast being developed to the north, while to the west three great railroad systems are rushing to completion, lines through the Yellowhead Pass to the Pacific Coast.

The Corporation owns and operates its own water services, sewage system, electric light and telephone systems. It also owns the street railway franchise having tracks laid on the principal streets.

Natural gas has recently been discovered at Morinville. This is being piped to the City and will be of great commercial value.

The City has thirteen banks, twenty-two hotels, two daily, five weekly and three monthly newspapers, four saw mills and planing mills, two flour mills, modern brewery, aerated water factory, a seven story packing and cold storage plant, woolen mill, woodenware factory, three steam laundries and two brick yards; also tent and mattress factory.

Most of the Eastern manufacturers are represented in the City either through commission brokers or with branch warehouses.

Edmonton being the capital of Alberta has the Alberta Provincial Government buildings. The new Government buildings cost over \$1,250,000.

The population of the City is approximately 24,000.

## CITY COUNCIL AND COMMITTEES, 1909.

Mayor—Robert Lee.

Aldermen—R. J. Manson, Wilfrid Gariepy, Geo. S. Armstrong, H. L. McInnes, M.D., D. R. Fraser, A. B. Agar, J. E. Lundy, J. H. McKinley.

Equipment—Chemical Engine, Hose Wagon, with 5 horses.

Gamwell Fire Alarm System, with 44 non-interfering street boxes.

R. W. Broder—Fire Dept. Electrician—Office No. 1 Station.

### To Ring An Alarm

Break the glass, turn the key and open outer door; there is a brass hook projecting from inner door, pull down the hook, once only, and let go. Failing to hear the fire bell immediately, go to nearest telephone and inform the central office where the fire is. Always remain or leave someone at the box until the fireman arrive.

The box pulled will ring four distinct alarms, with an intermission of five seconds between each alarm.

The penalty for ringing in a false alarm is \$100.00.

#### WATERWORKS DEPARTMENT

The water is supplied to the city through three pumps, 2 compound duplex pumps, one a Northey, with a capacity of 1,000,000 gals and the other an Ingles with a capacity of 1,500,000 gals per 24 hours.

A 3,000,000 gal., 4 stage motor driven Turbine pump, made in Manchester, England, by the Mather and Platt Co. Total capacity 5,500,000 gals per 24 hours.

The capacity of the boiler plant is 1300 H. P., 1000 H. P. Babcock and Wilcox, and 300 H. P. Robb, Munsford.

Capacity of the elevated steel tank, in the west end of the city is 60,000 gallons.

Present consumption is about 1,350,000 gals. per 24 hours.

Domestic pressure 40 lbs on hill. Domestic pressure 100 lbs. on flats. Fire pressure 80 lbs. on hill. Fire pressure 150 lbs. on flats. If required with the installation of the new 3 million gallon pump a fire pressure of 120 lbs can be obtained in the city and 180 lbs. pressure on the flats.

## THE MAN WHO IS BUILDING UP ALBERTA

---

is the man who has made the area under crop in the province to-day six times what it was in 1901. It is the farmer who is reaping the principal benefit of the development that has been going on and no live advertiser will fail to take advantage of an opportunity to get in touch with him . . . . .

### The Alberta Homestead ...

---

reaches the substantial farmers in all parts of Alberta. It is their spokesman, and when you see a man from the country take his mail out of the post office it is always the Homestead he looks at first. . . . .

An advertisement in its columns is certain to receive careful attention.

Write for advertising rates and circulation. . . . .

---

## THE ALBERTA HOMESTEAD

39 Howard Avenue - Edmonton, Alta.

## *The West is a Country of Surprises*

---

But nothing causes more comment among those who become acquainted with conditions in Alberta than the fact that so new a province supports a weekly political, financial and social review of the character and standing of

### *The Saturday News*

---

---

Established in 1905, it has made for itself a position of widespread influence. No Canadian publication carries more weight with its readers or is a more welcome visitor to their homes.

An advertisement in its columns has as fine an appearance as in any magazine on the continent.

The Saturday News is not scanned lightly and thrown aside as an ordinary newspaper but by nine out of ten of its readers, who represent the most substantial people in the province, is read carefully from cover to cover.

With such a medium there is no question whether advertising pays.

***This Directory  
Represents the City  
and its  
Business Interests***

**Are you doing your share to  
Boom your City?**

*The Directory is the Common Inter-  
mediary between buyer and seller.*

*The Merit of Directory Advertising is  
beyond question.*

*You owe it to your business to have a Pro-  
per Representation in the Directory.*

**AN ADVERTISEMENT in this Directory  
is before the Active Capital and  
Business Element of Edmonton  
EVERY DAY IN THE YEAR**

# ***Don't Lend Your DIRECTORY!***

---

The patrons of our Directory are frequently inconvenienced by

## **BORROWERS;**

not the stranger or private citizen, who steps in, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are TOO MEAN to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks unless you send for it before.

*These same borrowers tell our Canvassers that they have no use for a Directory.*

***If the man who sees***

*you in town every day  
this year can't find you  
there next year, he's  
apt to think you've left*

***and if the man who sees***

*your advertisement in  
these pages this year

# Preface

---

We present this the second edition of Henderson's Strathcona City Directory. It contains not only the names of business men and firms, but also the names and addresses of private citizens as well. So far as the information is obtainable this gives the names of all persons making Strathcona their home, together with occupation, business and private address.

Our thanks are extended to our advertising patrons, the large list of whom shows the faith of the business men in this enterprise and we are pleased that we can be of service in introducing so valuable a medium for the introduction of our patrons to their clients as well as advertising the resources of the city and district.

Yours respectfully,

HENDERSON'S DIRECTORIES, LTD.

September, 1909

# City of Strathcona

---

Incorporated as a City in 1907, situated at the terminus of the Calgary and Strathcona branch of the Canadian Pacific Railway 192 miles north of Calgary.

It is situated on the south bank of the Saskatchewan River 200 feet above the water.

The Twin City of Edmonton being situated on the north bank of the river two and a half miles away.

## RAILWAYS

Strathcona is the divisional point of the Canadian Pacific Railway having a pay roll of \$50,000 per month with prospects of a large increase in the near future. Last year the Company spent \$200,000 in improvements in the City and contemplate spending a like amount in the near future. The Company have yard room for 640 cars and in the busy season find that their yards are insufficient.

The Canadian Northern have access to the City and are contemplating connecting this City with their main line at Fort Saskatchewan.

## SITUATION

Strathcona is so situated that it is the natural gateway to the Great North Country which abounds in minerals of all kinds and will be the distributing point for that country.

To the south and east there is a wonderful agricultural country which produces splendid crops of wheat, oats and barley, the average yield for Central Alberta being, wheat 25 bushels, oats 60 bushels and barley 40 bushels per acre. Yields of 800 bushels of potatoes per acre are not uncommon.

All kinds of vegetables do well and are of first class quality as may be shown by the fact that the Strathcona exhibit took first prize at the Dominion Fair held in New Westminster in 1907. Ranch cattle do well and are a most profitable business, as are the raising of pork and dairying.

## INDUSTRIES

The chief industries in the district are coal mining, of which there are no less than 10 mines in active operation, with an average output of 1,000 tons per day, but with an unlimited supply in sight. This will be one of Strathcona's industries in the near future, and an enormous source of profit to the district.

---

Among the other important industries in Strathcona are two large saw mills with a yearly cut of 20,000,000 feet of lumber and employing 175 men.

Three packing plants, three brick yards, an iron foundry, one brewery, one oat meal mill with a capacity of 200 barrels per day, one flour mill with a capacity of 150 barrels per day, four elevators with a capacity of 400,000 bushels.

The Northern Dredging Co. have two gold dredges on the river.

#### FIRE PROTECTION

The city has a very up-to-date fire fighting apparatus and have an almost unlimited supply of water from the City. The brigade consists of 20 volunteer firemen.

#### LIGHT

The city owns and operates its own electric light plant, also its own water and sewer system. There is a new electric power plant said to be the best that money could produce and being up to date in every particular. Both light and power (motor) are furnished.

#### TELEPHONE SYSTEM

The city has one of the best automatic telephone systems in Canada with connections with all the government long distance phones in the province.

#### PARKS AND RECREATION GROUNDS

The local agricultural society have a fine driving and athletic park in the suburbs which makes splendid recreation grounds in the summer besides which the City owns three parks, all of exceptional beauty.

The winter sports are provided for by an exceptionally good skating and curling rink

#### SCHOOLS

The city has two public and one separate schools with a very efficient staff of teachers and will be the educational city of the province when the university classes begin which will be when the \$65,000 Collegiate Institute is completed.

#### CHURCHES

Seven religious denominations are represented in the city and the church buildings are a credit to any city twice the size.

# **Don't Let Your DIRECTORY!**

The patrons of our Directory are frequently  
inconvenienced by

## **BORROWERS;**

not the stranger or private citizen, who steps in,  
looks at the Directory, gets his information, and  
goes out; but by business men, who continually  
need it for reference, yet are TOO MEAN to  
buy one. These are the men who carry off your  
Directory "just for a few minutes," which generally  
means a few days or weeks unless you send for it  
before.

*These same borrowers tell our Canvassers that  
they have no use for a Directory.*
